KING OF LOW PRICES

WISH YOU COULD SEE OUR SHIRTWAIST SUITINGS.

THE writer is stumped! How is he to describe these varying glories in Shirtwaist Suitings? In design and style these goods are beauties. It sounds very tame, doesn't it? You'll appreciate just how tame it is when you see the goods themselves. No type can do them justice--all so pretty and tempting that it's hard to express a preference.

And the values! Were it not that these novel, stylish things cost less here than elsewhere, they wouldn't be here.

We must sell the Same Goods for Less Money.

For service nothing is prettier, better or more cleanly than a Silk Shirtwaist Suit.

We have the Silk--all colors--at 50c a yard.

HERE you can have pick of all the newest styles and designs in Calicoes, Lawns, Gingham, Organdies, Battistes, Linens, &c. &c. &c.

Clothing FOR THE YOUNG MEN OR THE OLD MEN OR THE BOYS

THERE is a combination of circumstances to which the distinct and decided progress of our Clothing Department is traceable. First of all comes the grade, make-up and fit; then our always lower prices, and last but not least, our big stock. What's the use of saying more? Our prices talk.

Special bargains in Summer Clothing--good through April and May.

Come and See.

GLOVES

WE have bested everybody else on gloves--that's the decision of hundreds of people who have seen and tried our "F. P. Sargent" Union Made work gloves. No rivets, out seems--they fit; are heat and water-proof. Price \$1.00 to \$1.25 a pair.

One pair of these will outwear two pairs of any other brand.

Shoes FOR THE MEN OR THE LADIES OR THE CHILDREN.

WHERE do you buy Shoes. Here? If not, why not? We carry the newest things, the prettiest and best line in Eastern Kentucky.

Prices 25 per cent. cheaper than the cheapest.

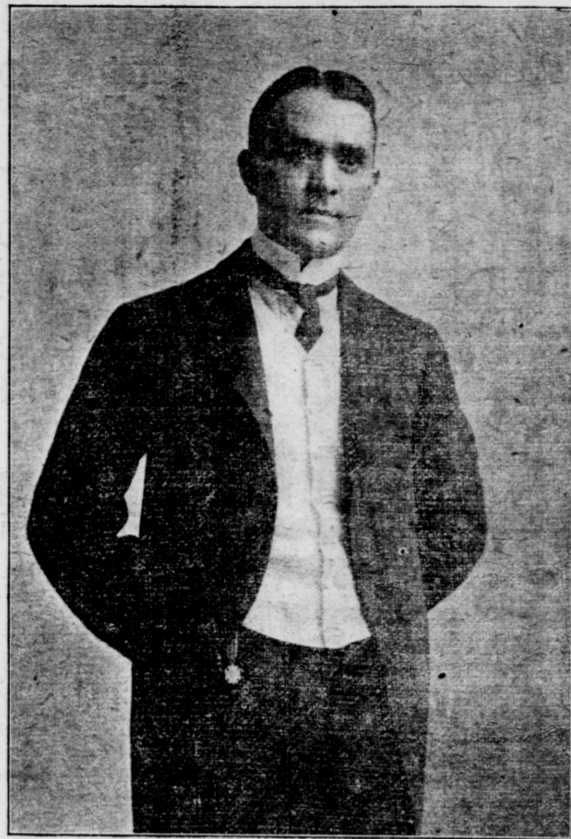

Have you tried a pair of our men's high top, heavy Shoes at 98 cents a pair?

Mens, Ladies and Children's black and tan Oxfords at prices to please and fit any purse (or foot).

Guaranteed.

Overalls and Jumpers Very Little to Pay.

WELL, gentlemen of the Overalls Brigade, remember that we guarantee, endorse and recommend the great "Marchant" Union R. R. Overalls and Jumpers. When we guarantee a thing we have to know all about it--we have to know the stuff, the sewing, the value and everything about it is right. Our overalls are right. You can bet on that. Prices 50c to \$1.00 per garment.

CASHIER J. W. HUTCHESON.

Of the Citizens Bank, of Brodhead, which institution was opened for business January 7, 1905. The report made to the Secretary of State at the close of the first three months' business, showed the bank to be doing a splendid business, even surpassing anything that any of the officers had hoped for in that short length of time. Mr. Hutcheson has been instrumental in starting a number of banks in Kentucky, all of which are making a good showing. Although a young man, there are few more prominent with the banking fraternity in the State than he.

BROD HEAD.

Mr. and Mrs. John M. Cranor, of Waycross, Ga., have taken rooms at Frith Hotel. We are glad to have Mr. and Mrs. Cranor with us. Miss Bertina Mullins, of Livingston, is visiting Mrs. G. W. Brooks. O. C. Wilnot left for Knoxville, where he will take a job with G. W. Brooks, foreman on bridges and buildings on new road. J. W. Hutcheson, one of our best business men and cashier of Citizens Bank, will be married May 10th, to Miss Mary McAfee, of Salvisa. The wedding will take place at high noon at Providence church, Harrodsburg. It will be one of the greatest social events of the season. C. H. Frith is in Louisville this week. J. W. Hutcheson has been appointed district agent for Aetna Fire Insurance Co. Any one wanting fire insurance will find him in his office. Citizens Bank--Don't fail to see the Ideal Entertainers, next Wednesday night. F. L. Thompson, of Mt. Vernon, was here Tuesday to see our merchants. Brodhead is on the boom, a new drugstore, three dwellings and one general storehouse to be built. Contracts have all been let and the drugstore near ing completion. Do you wish to laugh and grow handsome, then attend the Ideal Entertainers at the Christian church at this place. Wednesday night, April 26th. W. A. Tyree, our boss contractor, has a contract to build a dwelling and a bridge in Corbin. He has gone there taking with him Ben Pike and P. W. Tharp to assist in the building. Mrs. J. H. Dunn is visiting her parents in Knoxville, Tenn. Chas. Hurt is the champion fisherman. He came in Monday with a string weighing 27 lbs. Hon. W. J. Bryan passed up on 23 Tuesday, en route to Williamsburg. A large crowd at depot to greet him. John DeBord and Ed Farris were in Louisville first of the week.

While John Flynn, of Brodhead, Ky., a trackwalker in the employ of the Louisville and Nashville Railroad Company, has never been far from his home, at least not for the last thirty years, yet the number of miles which he has walked in the performance of his duty would have carried him around the globe five and one-half times. Almost without missing a day in the last thirty years, Flynn has shouldered a few small tools and stepped the railroad ties from one end of his section to another. He has recently completed his thirty years of continuous service, and though he is now sixty years old and has walked 135,750 miles, he is hale and hearty seemingly good for many more miles. During the first fifteen years of service Flynn averaged thirteen miles a day, during the next five years he averaged fourteen miles a day, and in the last ten years he has walked eleven miles a day. Walking the track is not Flynn's duty, but only a means by which he can accomplish it. His duty is to see that the switches, rails and ties are in a safe condition, and if anything is out of order to repair it without delay. In order that this may be accomplished, he has to constantly keep his eyes on the track, watching for broken fish-plates, bolts or broken rails, and the records show that during the thirty years he has been in service there has not been a single serious accident due to a track defect on the section which he supervises. Flynn is employed on the Knoxville branch of the Louisville and Nashville. He earns about \$1.25 a day, which in thirty years amounts to about \$13,680, which would make his mileage pay a little more than 9 cents a mile.

LEVEL GREEN

J. N. Brown, Mesdames Catron and DeBord are convalescent. J. Towery's condition remains about the same. Norton & Hamlin are having a lively trade this week. They are selling at cost. R. L. Brown, of Somerset and Mrs. Frank McQuerry, of Plato, have been calling on Mr. and Mrs. J. N. Brown.

The dogs have been playing havoc among the sheep, killing one for Wm. DeBord, seven for Elmer Mullins and crippled one for Wm. Brown. Since then, the men have played havoc with several dogs. Wm. L. Cummins is leaving our city and migrating to Mt. Vernon. Joe Oliver and family, of Livingston, and Prof. Buckner, of North Carolina, have been visiting Mr. and Mrs. Hamlin. Morris Bros., of Eubanks, still make their semi-monthly trips for eggs and other produce. Richard Stevens has sold his farm to Walk Ping and contemplates going to Kansas in the fall. Oscar Catron and wife, of Dallas, were visiting Mr. and Mrs. Willie D. Bord Sunday last. Services will be held at Friendship Saturday and Sunday by Bro. Todd. The Sunday school organized at Mt. Pleasant and the Chapel are progressing nicely, both having good attendance. J. B. Brown will return to Lexington in a short while to resume his studies at the K. U. I think that we girls that had donned summer hats and dresses, will have to lay them away till winter is over. Much regret is expressed by our farmers over the loss of their fruit crops, for we never had a brighter prospect. Misses Dora Hatcher and Maggie Hamlin were shopping Saturday last. Jno. Shotts has his gristmill ready for business.

ABOUT RHEUMATISM.

There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? For sale by Chas. C. Davis.

The more that a man can buy for \$2 the less bonnet a woman can buy for \$20; yet people still harp on the eternal fitness of things.

Time isn't money, otherwise a man wouldn't have to spend so time trying to borrow a little money.

WILLIAMSBURG.

The base ball team of Barbourville Institute played against the team of Williamsburg Institute here yesterday, which resulted in 12 to 0 in favor of Williamsburg. The Southern Contracting Co., of Ludlow, Ky., has been awarded the work of rebuilding the L. & N. extending from the southern limits of Williamsburg to Wofford, five miles north of town. Work will begin at once, and it will require one year or more to complete the job. The road bed at our depot will be lowered eleven feet, and bridge over the Cumberland will be raised seven feet. The Hon. W. J. Bryan fulfilled his appointment here last evening, and his appointment filled full the house to the overflow. His lecture was highly appreciated and deserved to be as it was a masterpiece of thought. Mr. Bryan proves himself to be a typical American citizen--Miss Risse Williams, of Mt. Vernon, is visiting her aunt, Mrs. J. L. Whitehead. George Parker, who is attending a Louisville medical college, came home to hear Bryan. Judge Jarvis is holding a special term of court here this week. This court differs from his regular courts in a very marked degree. In this special term he only enters pleading, and can not sit as judge to pass on them.

TO CONSUMPTIVES.

The undersigned having been restored to health by simple means, after suffering for several years with a severe lung affection, and that dread disease CONSUMPTION, is anxious to make known to his fellow sufferers the means of cure. To those who desire it, he will cheerfully send (free of charge) a copy of the prescription used, which they will find a sure cure for CONSUMPTION, ASTHMA, CATARRH, BRONCHITIS and all throat and lung MALADIES. He hopes all sufferers will try his remedy, as it is invaluable. Those desiring the prescription which will cost them nothing, and may draw a blessing, will please address, Rev. Edward A. Wilson, Brooklyn, New York, mar 3 08 1-yr.

FOR MAGISTRATE

We are authorized to announce
GRANVILLE LEECE
as a candidate for Magistrate in the Fifth
district composed of Browns and Broadhead
voting precincts, subject to the action of the
Democrats of that district

In this day of improvement, the individual, the town, the community, the county and even the State which does not make some effort to stay in the push, may expect, at some not far distant time, to be left in a class all alone, with no one to keep them company. If there ever was an opportune time for improvements and developments in Rockcastle now is the time, and working to that end, with a hope, that the wealth that underlies the ground may be brought to the top, we are going to ask the citizens of Rockcastle to join with us in an effort to let the people of other counties of our own State and other States of the Union, know what we have, and get a spirit of development aroused and started among our people, which, we should have long since had. The columns of the SIGNAL will be thrown open to any and every person, who will give some suggestion how this may be accomplished. Let us hear from our farmers, our business and professional men alike. All should be interested. Who will be the first?

The United Supreme Court has delivered a knockout blow to the labor unions. The Court, in the case of a New York law which limited the working day of employees in bakeries and confectionery shops to ten hours, has decided that no State has the right to place an arbitrary limit on the working day of those engaged in healthful occupations. This is equivalent to declaring unconstitutional in advance the Eight Hour Labor law which the labor unions have been beseeching Congress to enact.

POLITICS AND POLITICIANS

Representative Royston, Republican, made a sensational speech in the Tennessee House of Representatives in which he bitterly assailed the Brownlow Republicans. The speech was made in support of a bill repealing the act prohibiting the sale of liquor within four miles of the Old Soldiers' Home at Johnson City. He characterized the home as a Brownlow nest of corruption, thievery and fraud.

The Jefferson day banquet in New York was attended by 700 Democrats. The speakers were Judge Alton B. Parker, Augustus Van Wyck, Senator Newlands, Mayor McClellan, Congressman Rainey, of Illinois; John W. Kern, of Indiana, and J. J. Willett, of Alabama. The principal address was delivered by Judge Parker and his remarks were enthusiastically applauded. He made a strong plea for party harmony and urged an adherence to the old landmarks, deprecating what he termed "new-fangled forms of hysteria and humbug."

NEWS ITEMS

The new Cotton Belt railroad bridge at Thebes, Ill., built at a cost of \$3,000,000, was opened for traffic Tuesday.

The largest library in the world is that of Paris. It contains upwards of 2,000,000 printed books and 160,000 manuscripts. The British museum contains about 1,500,000 volumes, and the Imperial Library of St. Petersburg, about the same number.

The new Board of Directors of the Panama Railroad Company, now controlled by the Government, made a complete revision of the officers of the company. Theodore P. Shonts is made president and John F. Wallace vice-president and general manager. The sum of \$1,250,000 was appropriated for double-tracking and re-equipping the road.

The damage to the fruit and vegetable crops is reported to be heavy in some sections. Freezing temperature was experienced in Kentucky, but reports are conflicting as to the extent of the damage in this State. Many sections of the South suffered from the cold weather, killing frosts even extending to the Gulf coast.

Reports are conflicting as to the whereabouts of Admiral Rojestvensky's squadron. One dispatch says it was sighted at Turan Bay Sunday. Another says it was seen

off Hong Kong and others still seem to indicate that it is doubtful if the fleet has left Kamranh Bay. There is no confirmation of any of the rumors of engagements at Nantura Islands or elsewhere. The Japanese are reported to have captured several colliers off the coast of Cochin China. At St. Petersburg it is believed by the officials that Japan's proclamation of defense zones at the Pescadores was merely intended as a blind. Reports from the land campaign in Manchuria are confined to skirmishing operations several days old.

By a vote of seventeen to seven the Louisville Presbytery, North, voted in favor of merging with the Cumberland Presbyterian Church. For the first time since their separation the members of the Presbyteries, North and South, communed together Wednesday afternoon.

More sensational testimony was given in the Hargis trial at Lexington. Mose Felner again detailed the alleged plot to take the life of Cockrill, while Dan Bush, a new witness, said that Hargis asked him to assist in the murder of Cockrill. Bush is serving a term in the penitentiary for horse-stealing.

A dispatch from Manila says three warships have been sighted at Batanzas, but their nationality is not known. A London paper has a Manila dispatch saying that sixteen Japanese cruisers and torpedo boats destroyers were seen scouting off Sampaloc Point. The Admiralty at St. Petersburg has received news from Rojestvensky's fleet, but the censorship suppresses the names of the places where the dispatches were filed. Japanese newspapers are protesting strongly against the presence of the Russian fleet in Kamranh Bay and the inaction of France. At Paris it is stated that France is taking every precaution to prevent the infringement of neutrality. There is no news of importance from the Manchurian Land campaign and no serious fighting seems probable there under several weeks.

WILDIE.

Uncle Henry Fish made a business trip to Mt. Vernon Monday. We have the loveliest little town in the county now.—L. T. Stewart has built a new dwelling in beach grove.—A. Colter, President of Rockcastle Stone Co., was down from Cincinnati first of the week.—Our Sunday-school is in a flourishing condition since it has been reorganized.—J. M. Bullen had an old fashioned log rolling Tuesday.—Mrs. Ross Hamilton, of Cincinnati, was down visiting her husband who is general manager of the Rockcastle Stone Co.

You ought to come over and take a ride on the Quarry Belt Line.—Uncle Henry Fish is having the best grocery trade in town. We hope he may do well.—The L. & N. have the material here for building four new dwelling houses for section men.—The quarry people are working about thirty men and getting out some of the prettiest stone we ever saw.—There is not an empty house in our little town and men every day wanting to move in.—We miss Buck Varnon's letters from the SIGNAL very much.—You just ought to see our young gang every evening after Sunday-school.

LAND, STOCK AND CROP

At the Matt Young sale in Fayette county, yearling mules brought \$75; horses \$60 and \$136; cows \$25 to \$35; yearling steers, \$27 a head; stock hogs, 5c. a pound, and corn at \$2.30 in crib.

W. I. Dooley and Tom Mullins sold to some Madison county parties several yearlings at 3 1/4 to 4c. O. L. T. Stewart says he has the best stallion and jack in the county. You would well to come and see his stock.

Every year we are besought to publish a receipt for keeping flies off of stock. As this is the beginning of fly time, we publish the following, taken from the columns of a standard agricultural journal. In two quarts of boiling water dissolve one-quarter pound of common hard soap; add one pint of coal oil; churn together till well mixed and then dilute with three quarts of water and one quart of fish oil. If a large quantity be made, maintain these proportions. This emulsion applied every other day will keep the flies away.

Information received at Tokio is taken to indicate that Russian squadron proposes to remain at Kamranh Bay until May 7. In the meantime, it is understood, Admiral Rojestvensky will send out cruisers to overhaul merchantmen along the trade routes to the Straits of Formosa. The Japanese Government continues to preserve silence in regard to any representations that may have been made France in the matter. The press, however, is continuing its protests and urging that vigorous and speedy action be taken. A dispatch from Harbin says that Chinese bandits made a determined attempt on the night of April 17 to cut the railroad between Harbin and Vladivostok. After a desperate fight of several hours the bandits were driven away. There are various reports of wide turning movements in Manchuria, but all are without confirmation.

If it wasn't for baseball cranks the players would soon cease to go round.

In winter baseball players swap lies about what they didn't do in summer.

There is as much kicking in baseball as there is in football, only it's different.

In a game of baseball two nines are usually matched to play against one umpire.

A baseball player isn't necessarily insane because he gets off his base occasionally.

It is a popular belief among baseball players that a home run in time saves the nine.

This is the season when the office boy has a mania for attending funerals—of umpires.

The baseball season now being on, the wise pitcher has ceased to enact the role of "growler."

One hundred years ago not a single game of baseball had been played in the United States. Now look at us.

There is something wrong when a minister gets the princely salary of \$400 per year and a baseball pitcher gets only \$4.00.

Old Noah was evidently a ball tosser; the Good Book says he pitched the ark without and without—then the game was called on account of rain.

LOUISVILLE, KY.

Andrew Carnegie, sitting in the library of his Fifth Avenue home discussed the gifts to colleges and other institutions. He said: "I object to the term philanthropist when applied to myself. I have always understood it to mean a man with more money than brains. In my work for humanity I propose to use the brains I have as well as I tried to do in accumulating the means of doing good and making myself and others happy. In what I am now doing I find supreme satisfaction. I know of no pleasure in life which for me is comparable to creating a library which is not mine when created, but belongs to the people. A library is a cradle of democracy. I do not expect to impoverish myself, but I hope to set in motion systems of wise and practical benevolence, in which what fortune I may leave may be wisely and profitably employed by those who come after me." At present Mr. Carnegie is giving at the rate of \$20,000 a day for Libraries and is looking for another outlet for his benevolence.

We have noticed that merchants who live over the store, usually do well.

IDEAL IN DEED AS WELL AS NAME.

The Ideal Entertainment Co gave two entertainments at the M. E. Church on Tuesday and Thursday of this week. The first entertainment was so thoroughly satisfactory and with all so pleasing—so unlike anything out side the large cities—that the company was prevailed upon to play a return engagement. The Ladies Aid society deserve credit for securing such an excellent attraction.—Press, Bunker Hill, Ind.

U. G. Baker has added a new cash register.

Remember the Ideal Entertainers will be at the College Chapel Monday night.

Are you going? Where? To hear the Ideals at Brodhead on April 26. Benefit of the Christian church.

"Laugh, and the world laughs with you," so say the Ideal Entertainers, who appear at Brodhead on April 26.

WANTED.—2,000-lbs. nice country hams. Will pay 10-cts per lb. and exchange flour or merchandise for same.

HOUK & ADAMS,
apr 21-tf Mt. Vernon, Ky.

Reserved seats for the Ideal Entertainment are only ten cents more than the general admission. Be sure to get one before the sale closes.

Mrs. Robert Bloomer died at her home near Hansford, Monday of consumption. The deceased was a daughter of Mr. and Mrs. O. J. Towery.

O. J. Towery will move his saw mill, which he purchased from Marion Denham, to Line creek and take a contract of sawing for the Spotwoods Company.

CHEAP RATES.—The L. & N. will sell tickets to Richmond May 23 and 24, limit May 27 for \$1.46 round trip, account of the Grand Commandery Knights Templars of Kentucky; To Louisville May 21, 22 and 23 for \$4.12 round trip limit May 25, account of State meeting Grand Army of the Republic.

The Ideal Entertainment Co. sell reserved seats to accommodate the farmer, elderly people, mothers with children, those who have to work, the young man who has to call for the young lady and the business man—these people can not come as early as the small boy. A limited number of seats are on sale at Chas. C. Davis' drugstore.

U. G. Baker, our enterprising merchant, who always believes in improvement, and that to spend a few dollars in beautifying his store-room is money well spent, has added in the last few days several hundred dollars worth of fixtures for decorating his store-room. One is a silver arch display fixture, which is something of a beauty and adds greatly to the appearance of his large and well filled store room.

The Hon. William Jennings Bryan was heard in his lecture, "The Value of an Ideal," by nearly six hundred people at Williamsburg Tuesday night, and had the seating capacity of the court room been sufficient to hold them, as many more tickets could have been sold. Mr. Bryan was very favorably impressed with Williamsburg, which was demonstrated more for city than simply the saying so, but by creating a scholarship to the Baptist Institute, by donating \$500. Nearly five hundred people met him at the train and gave him a most cordial welcome. Carriages were in waiting to drive him to the beautiful home of Dr. Catliff, where he was entertained. If demonstration can be counted for any thing, every man, woman and child "regardless of politics" were Bryan followers on last Tuesday night.

FRUIT SAFE.—The fruit crops are unhurt and tobacco plants are uninjured. This important information was communicated at Lexington Monday morning by Mr. H. F. Hillenmeyer the eminent nurseryman who is authority on all matters pertaining to fruit and growing plants. The cold weather of Sunday and Sunday night was expected to precipitate the crisis in the fruit growing section of the State. That crisis passed and the result is that no damage was done. The thermometer fell to 26 degrees at 8 o'clock Sunday morning, but remained at 26 only from eight o'clock until 8:30, then the mercury went to 30 and proceeded on up the tube to 38, and remained at the station until early Monday morning. A light frost fell but it was not general and was not of a damaging character, severity being limited to a large extent by cloudy skies. Mr. Hillenmeyer made a thorough examination early Monday morning and announced as a result that the fruit is not hurt in the least and tobacco plants were uninjured. "The crisis is passed" said he, "and unless we have another cold snap with freezing and frost of greater severity than that of the last twenty-four hours the fruit outlook is encouraging."—[Ex.

Mr. J. F. Hocker, father of J. C. Hocker, died at his home in Stanford Monday after an illness of many months.

E. T. Wheeler started up his spoke mill Wednesday, for a short run to see that all the machinery is in good working condition.

The L. & N. will sell tickets to Nashville, June 11 to 21 and 2 to 4 limit fifteen days, for \$7.90 round trip, account of the Peabody College summer schools Vanderbilt Biblical Institute.

Advertisers are earnestly requested to hand in their changes of copy as early in the week as possible. When copy is brought in at the very last moment, when everything and everybody is in a rush, it is impossible to give your ads the attention, which should have and would get, if the copy was in earlier.

Some of the enterprising citizens, circulated a petition this week, asking the postmaster to give us a night mail. It seems that it should be hardly necessary to have to circulate a petition to get a night mail, if our postmaster would only stop to think, how much it would accommodate his patrons, and how much extra, it would be worth to him.

A FINE ENTERTAINMENT.

Last Monday night a large audience greeted the Ideal Entertainers at Tucker's Hall in Greensburg. This is the second troupe of the Entertainers to visit our town and the Maccabee lodge may justly feel proud of their good fortune in securing such fine talent for the entertainments under their auspices.

LIVINGSTON

Don't fail to hear the Ideals on April 25th.—Dr. J. W. Sams, of East Bernstadt, was in town Sunday.—Mrs. Mahala Carson who has been suffering with a tumor on her eye, is improving and will soon be able to be out again.—There will be services at the Christian church Saturday evening, Sunday morning and Sunday evening. Their performance was nice and lengthy and yet so divided as not to tire the audience. The crowd gave every sign of being well pleased and no signs of restlessness was shown whatever. The crowd was larger than last year and the Woodmen were well gratified over the results of the entertainment. The Ideal people are certainly splendid people to deal with.—[Smith Grove (Ky.) Times.

Hocker, father of Mrs. W. O. Speed, died here (Wednesday morning) aged about 65. His home was in Pittsburgh but he came here about two months

ago for treatment of a complication of troubles. He is survived by a wife and several children.—[Interior Journal. Mr. Hocker was the father of Mr. J. C. Hocker and Mrs. D. S. McKinney. He was well known here and left many friends who sympathize with the family in their bereavement.—Mrs. John Shearer entertained a number of friends with an excellent dinner Wednesday in honor of her aged grandfather, Uncle Billy McGuire, who, with his wife, left for a new home in Illinois. Mr. McGuire is 92 years old but is very active and also entertaining with his stories of olden times. Among those present were: Mr. and Mrs. Wm. McGuire, Mr. and Mrs. Bradley McGuire, Mr. and Mrs. James McGuire, Mesdames Geo. D. Cook, Ed Quinn, J. B. Hayes, Mr. and Mrs. Henry Reynolds and Misses Ethel Hayes and Cleavie McGuire.

THE SPARKS SHOW.

John H. Sparks Old Virginia Shows will exhibit in Mt. Vernon, Friday, April 28th, afternoon and night. This show is well known in Mt. Vernon as the best show that comes this way, and will, no doubt be liberally patronized. Sparks gives a clean, high-class exhibition, with many novel features not seen with other shows. The Norfolk, Va., "Daily Times" says: "Sparks' Show was a success. They had a great crowd. Some of the children who had been so delighted with the ponies, the monkeys, the baby elephant and "Cyclone," the wonderful mule, did not wish to leave at all. Mr. Sparks gives the best show for the price, that travels; he keeps such orders as to make it a safe and entertaining place for women and children to go. He does all he says he will do and more. At least the children say that he does, and the children know. The training of the dogs, goats and monkeys was wonderful. It was the same with the baby elephant, lions and ponies, who were fat and sleek and saucy because they know so much. The shows are worth the money and more, because they afford innocent fun for the children, which will make them happy and chatty for a month."

CHEATED DEATH.

Kidney trouble often ends fatally, but by choosing the right medicine, E. H. Wolfe, of Bear Grove, Ia., cheated death. He says: "Two years ago I had kidney trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I find they have no equal." All druggists guarantee them, at 50c.

IN THE STATE

The hearing of testimony in the trial of Judge James Hargis was begun Monday. A number of Commonwealth witnesses were placed on the stand, several of them testifying that the shots which killed Cockrell were fired by three or four persons. One witness states that at the time of the shooting he saw Judge Hargis standing at a window of his store and "it looked to him like Hargis had a gun in his hand." It is thought that the trial may consume several weeks.

The United States Supreme Court declared invalid the statute requiring all national banks of Kentucky to make returns of all shares of stock for taxation purposes. The opinion was delivered by Justice Day and was on the ground of discrimination against national banks. The decision of the United States Circuit Court of the Eastern district is affirmed.

Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membranes lining the stomach and exposes the nerves of the stomach, thus causing the glands to secrete mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure

relieves all inflammation of the mucous membranes lining the stomach, protects the nerves, and cures bad breath, sour risings, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.

BILIOUSNESS AND CONSTIPATION CURED BY THEDFORD'S BLACK-DRAUGHT

Because the liver is neglected people suffer with constipation, biliousness, headaches and fevers. Colds attack the lungs and contagious diseases take hold of the system. It is safe to say that if the liver were always kept in proper working order, illness would be almost unknown. Thedford's Black-Draught is so successful in curing such sickness because it is without a rival as a liver regulator. This great family medicine is not a strong and drastic drug, but a mild and healthful laxative that cures constipation and may be taken by a mere child without possible harm.

The healthful action on the liver cures biliousness. It has an invigorating effect on the kidneys. Because the liver and kidneys do not work regularly, the poisonous acids along with the waste from the bowels get back into the blood and virulent contagion results.

Timely treatment with Thedford's Black-Draught removes the dangers which lurk in constipation, liver and kidney troubles, and will positively forestall the inroads of Bright's disease, for which disease in advanced stages there is no cure. Ask your dealer for a 25c. package of Thedford's Black-Draught.

Problems of an Editor.

[By Rev. E. T. Eaton.]

It is fortunate for me that the request was to write about the editor's problems, rather than to solve them. My task is easy.

The editor himself is a problem, and often one which it is difficult for the brethren to solve. How came he to be editor, anyhow? Who selected him? What fitness has he exhibited for the position? How can he be managed? How can pressure be brought to bear on him that will keep him in line? How can he be eliminated? And so on.

One of the editor's problems is to get the brethren to believe he is the right man in the right place. Nothing more conclusively proves the topsy-turviness of the world than the patent fact that the wrong persons occupy the positions. People without money would do so much better with wealth, if they only had it, than the rich people do. It only the poor man had the money, no deserving person would be allowed to be in want, and no good cause would be allowed to suffer for lack of means. Who can listen to poor people talk without being convinced that the wrong ones have the money?

Then, the wrong people are parents. It is notorious that those who have no children know vastly more how to rear children than do fathers and mothers. Hence the wrong people are parents.

We see this principle illustrated in all directions, but we find its most pointed and most pungent illustration in the case of editors. Charles Dudley Warner said that in his travels over the United States he found many people unable to take a paper; but he never found anybody unable to edit one.

Another problem of the editor is to accommodate some friends without giving offense to others. A friend asks that a certain sort of article be published, or that his hobby be advocated. Others have made the identical request, and have been refused. Now, to refuse this friend is to alienate him, while to grant the request is to offend all to whom similar requests have been denied. A railroad president can give a free pass to one friend and refuse many others, for they never know, in all probability, of the pass he has given. But the editor cannot grant a favor to one which he declines to another without telling on himself, since his columns are open to all.

Still another problem is to adjust the compliments. If the editor compliments all the brethren alike, none of them are pleased, because no one feels that he is on a par with the rest. Each one must have special compliments. When the editor thinks he has paid a specially handsome compliment he is liable to find that the subject feels he deserved a much finer compliment, while others are disgusted that the editor should "praise that fellow so extravagantly, and overlook many greatly superior to him." It has been well said that editors are men who make other people's reputations at the expense of their own.

Then, too, the make-up of the

paper involves problems. If too much is said on this subject, or too little on that, fault is found. If the editor is mild in his utterances, he is regarded as namby-namby and insipid. If, however, he is sharp and incisive, he is charged with having a "bad spirit," and with being "too belligerent." If he stands squarely for certain principles, he is said to be "narrow," "bigoted," "intolerant" and "opposed to progress," while if he stands squarely for nothing, he is "milk and cider," "without principle," and "cowardly." If he publishes articles with which he does not agree, then the offended subscribers write: "Stop my paper. I will not take a paper that publishes such articles as that." But if he refuses to publish articles with which he does not agree, then he is making the paper his "personal organ," is "unfair," and is "opposed to free speech," etc.

Then, if the editor really says anything he is liable to be misunderstood. No man's utterances are passed upon by such a variety of minds. Thackeray in his "Roundabout Papers" gives a very amusing account of some of his trials as editor of Cornhill Magazine. He speaks of referring to a "red-haired washerwoman," and of getting an angry letter saying: "Sir, in stating that the majority of washerwomen are red haired, you are a liar, and you had better not speak of ladies who are immeasurably your superiors." He closes his discussion with the following deliverance: "Out of mere malignity, I suppose, there is no man who would like to make enemies. But here in this editorial business you can't do otherwise; and a queer, sad, strange, bitter thought it is, that must jostle the mind of many a public man: 'Do what I will, be innocent or spiteful, be generous or cruel, there are A and B and C and D who will hate me to the end of the chapter—the chapter's end—to the finish of the page—when hate and envy, and fortune, and disappointment shall be over.' Yet there are many brethren so anxious to be editors that they cannot wait for vacancies, but are constrained to start papers of their own.

It is a problem with editors to trim down long articles to reasonable dimensions, and lest I add to Editor Folk's problems of this sort, I mention but one more.

How to treat writers who wish pay for their articles, especially if the said articles are poems is a problem. One lady writes that she has three orphan children and a sick mother to provide for, and surely we will not decline her article to which she has devoted so much time and care. To refuse to use her article is to show one's self utterly lost to all noble emotion, and to proclaim one's self a moral monster. Yet the article is far below the standard for a first-class paper. A prominent man of wide influence has a niece whom he wishes to encourage to write, and to support herself by her pen, for which he is sure she has "rare gifts if properly encouraged." She belongs to a large and powerful family, and her article is urged. To refuse it shows that the editor is an enemy of this great family, and is an ingrate in view of the many

favours he has received from the members of the connection. Is it not strange that more editors do not go to lunatic asylums? But there must be compensations, else we would not find so many of such sensible men wishing to be editors. But I was not asked to write about the compensations. That pleasant task is left to other hands.—Baptist and Reflector

FORGET ABOUT YOUR STOMACH.

If your digestion is bad the vital organs of your body are not fed and nourished as they should be. They grow weak and invite disease. Kodol Dyspepsia Cure digests what you eat, cures indigestion and all stomach troubles. You forget you have a stomach from the very day you begin taking it. This is because it gets a rest—recuperates and gradually grows so strong and healthy that it troubles you no more. E. L. Babcock, Amherst, Minn., says. "I have taken a great many remedies for indigestion but have found nothing equal to Kodol Dyspepsia Cure." Kodol digests what you eat, cures indigestion, dyspepsia, sour stomach, belching, heart burn and all stomach troubles. Its preparation is the result of many years of research. Sold by the Mt. Vernon Drug Company.

It is reported from Paris that the long search by Ambassador Porter for the remains of John Paul Jones has been at last rewarded by the discovery of the Admiral's body in a perfect state of preservation. It was immersed in alcohol, and not only was the resemblance to portraits and medallions of the great sailor convincing, but all the physical facts, such as height and color of hair, tallied. Paris surgeons held an autopsy on the body, the results of which showed the existence of the disease of which the Admiral died.

Keep your bowels regular by the use of Chamberlain's Stomach and Liver Tablets. There is nothing better. For sale by Chas. C. Davis.
